*Extended Day programs follow the Morning programs from 9am to 12pm. Children enhance language and communication skills through social interaction, learn through assisted play and exploration in stories, science projects, art, craft, role play and physical play and spend more time on the curriculum in their chosen language.*

*Full Day programs give parents the option of selecting any Enrichment Program running in Safari Kid between the hours of 3pm and 7pm. For days where no enrichment program is running, or where parents choose not to enroll the child in an enrichment program, parents have the option of specifying the curriculum areas of development they would like the school to focus on. Please contact the school for more details.*
